A FAIR WARNING

One That Should Be Heeded By Norway Residents

Frequently the first sign of kidney trouble is a slight ache or pain in the loins. Neglect of this warning makes the way easy for more serious troubles—dropsy, gravel, Bright's disease. 'Tis well to pay attention to the first sign. Weak kidneys generally grow weaker and delay is often dangerous. Residents of this locality place reliance in Doan's Kidney Pills. This tested remedy has been used in kidney trouble over 50 years—is recommended all over the civilized world. Read the following:

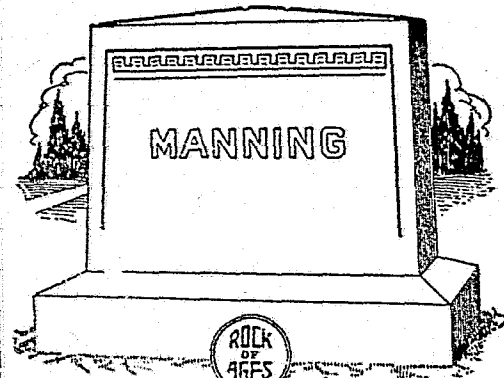

Mrs. G. D. Frost, 6 Tucker St., Norway, says: "At the time I used Doan's Kidney Pills they helped me wonderfully and I take pleasure in recommending them. My back gave me trouble and there seemed to be a deep seated pain across the center of my back. My kidneys didn't act regularly and in other ways showed signs of disorder. As Doan's Kidney Pills had been used in the family with good results, I decided to try them and got a box. After using them, the trouble left me entirely."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Frost had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

An opportunity to help and to profit thereby

Every man and woman in Maine wants Maine's water powers developed.

Almost 10,000 of them have backed their wish with their cash and have invested in Central Maine Power Co. Preferred Stock. Already 50,000 horse power, of steam and hydro, have been developed by the People's Company to do the people's work.

But still the demand for power grows and now, as always, Central Maine is preparing to meet this demand.

Approximately 9,300 h. p. of hydro-electric power will be added to the company's plants this season. The money to pay for this divi-

dend earning property will be raised by the sale of Central Maine Power Company 7 per cent. Preferred Stock.

Put some of your investment money into this work that means so much for Maine.

By so doing you will acquire an investment which has paid dividends for more than 17 years—an investment which we feel sure will pay dividends for all time to come.

THIS LITTLE BABY GIRL

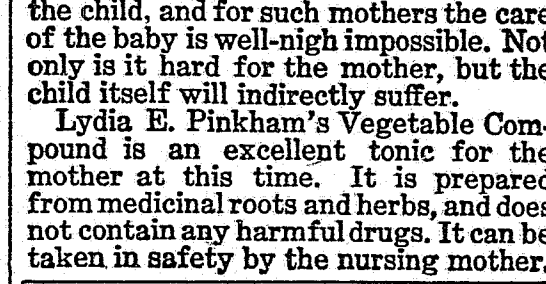

Was Benefited by the Good Her
Mother Got from Lydia E. Pinkham's Vegetable Compound

Pittsburgh, Pa.—"I took Lydia E. Pinkham's Vegetable Compound before my little girl was born, and the effect it had was wonderful. This will be the first child I have nursed, as I had to bring my two boys up on the bottle. I was very nervous and worried, tired all the time, and after I read about the Vegetable Compound I tried it and kept on with it. I still continue its use and recommend it to my friends. You may publish these facts as a testimonial for your medicine."—Mrs. WM. KINGS, 169 Plymouth St., Pittsburgh, Pa.

It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition after the birth of the child, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It can be taken in safety by the nursing mother.

Refinish Your Motor Car

Before the spring days come is a good time in which to refinish your automobile.

A few years ago it was generally thought that the refinishing of a car was a difficult task—that it was foolish for anyone to think of doing the work himself.

But thousands of cars are being refinished by owners all over the country and the results are pleasing and satisfactory.

SHERWIN-WILLIAMS AUTO ENAMELS

are manufactured to meet the demand for a protective finish for motor cars which will give the longest wear and the greatest satisfaction. There is a great variety of colors and shades from which to choose—you can finish your car in colors of your own selection.

Stop in at our store and get an Automobile Enamel color card—talk over with us the refinishing of your car.

STORY OF BY-GONE DAYS

Twenty-six Years Ago

B. F. Spinney & Co. commenced the

tion with the women's. They have a
separate department fitted for the heavy
work.

House to raise funds to buy votes for

way High School. This is the Boston

West Paris Wood Rim Co. has been
organized and machinery is being install-
ed in the former Kimball Chair Factory,
buildings. Bicycle rims will be the chief
product. Fifty men are now employed
and 100 may be employed later.

Special town meetings called to act
upon the Oxford Central Ry. proposition
resulted as follows:

Lovell—voted to grant permission to
lay tracks but refused to raise money.
The route proposed did not appear
feasible.

Albany—selectmen empowered to
grant location, no money was raised.
Strong objection came from the northern
part of the town. Feeling runs high,
many threatening to have Albany divided
and annexing the southern part to Stone-
ham or Watford.

Waterford approved the route but will
not be liable for land damages or extra
highway expenses. They raised \$10,000
in R. R. stock provided the power house,
machine shop and car barn be located in
town. Money to be paid as the building
of road progresses. Andrew S. Hap-
good, James Brown and Justin E. McIn-
tire were chosen committee to guard the
town's interest.

Hugh Pendexter, a student in Bates
College has been engaged as assistant in
Norway High for a short time. Ellenor
F. Hunt resigned because of illness.

Ladies' Circle and Entertainment

The supper and entertainment given by
the Ladies' Circle of the Congregational
Church Wednesday evening, April 18,
was largely attended and greatly enjoyed.
The fine supper at 6:45 was followed
by a three-act comedy entitled "Wanted
—A Family" played by the following
cast under the direction of Edward L.
Burnell.

Dan Gillespie Howard Maxim
Jenkins H. H. Johnson
Deacon Smith Edward L. Burnell
Sally Annie E. Knight
Miss Cannon Emma Buck
Louisiana Vernie B. Edminster

The comedy was a scream from the
beginning, with complications and mis-
understandings well timed to keep the au-
dience in a guessing contest. All parts
were well taken and the play traveled
along with pep and snap. The character
make-ups were especially effective.

Specialties between the acts included
vocal solos by Mrs. Harold A. Anderson,
and readings by Charlotte Longley, the
nine year old elocutionist. Music was
furnished by an orchestra of five pieces.
The Circle realized a good sum of money.

Francis A. Cummings of Haverhill,
Mass. has been spending a few days in
town coming to see his uncle, Orrington
M. Cummings. Mr. Cummings was the
son of the late Mr. and Mrs. Daniel
Cummings—the late Mrs. Lucella Mer-
riam was his step mother. Mr. Cum-
mings who was locally known as "Bert,"
has not been in Norway for 30 years.
He married Ella Bird of South Paris
and has two children. His son, Earl
Dewey is leader of one of the 1st orches-
tras of New England, the Murphy
Orchestra of Haverhill and plays the
violin, banjo and saxophone. Earl was
over seas in Battery A. 102 F. A. Bert
plays the string bass in the same orches-
tra.

William White arrived Patriot's Day
from Massachusetts after playing ball
in the South during the winter. He
has accepted the manager's berth of the
Twin Towns ball team and is assembling
an outfit.

Doris Cummings, who is in Portland
this winter, is a pupil of Miss Esmeralda
Mann and is meeting with success. She
has read very pleasingly at several enter-
tainments in Portland the past winter.

Milletville and Crockett Ridge
Snow is going fast and some autos are
running in the rural places.
Fred Noble has planted early peas.
The price of eggs is so cheap and grain
so high that some farmers are selling
their hens.

Harrington Flint is intending to move
soon. We feel sorry to see so many
farm houses vacant.

Mr. and Mrs. Arthur Morrill visited
their brother's family, Fred J. Lovejoy's
and their mother, Mrs. A. G. Lovejoy,
Sunday.

H. M. Jackson has been quite sick with
a bad cold.

TAXATION AND HIGH COST OF LIVING

Saturday last was a great day for
Norway's future. It showed by the
result at the town meeting that the
people are coming to their senses in
relation to the matter of taxation—fixing
some limit to it, and that the excessive
high rate has already gone far enough.
It did not mean that we should stop all
improvements but that we should make
them from year to year as we are able
without burdensome taxes. The action
of the town in purchasing the Edwin S.
Cummings lot adjoining the high school
lot, settles the matter for all time that
no high school building will ever be
erected elsewhere in the village and it
would seem good sound business sense to
build some time an addition to the
present building, sufficient to accommo-
date our own high and grammar school
scholars, and such other houses for
primary pupils in different parts of the
village as may be needed. All honor to
the men who have helped to put the big
check on the extravagance, and
had the courage to advocate just, wise
and sensible measures.—A Citizen.

It is said on what may or may not be
good authority that our State Supt. of
Schools is encouraging the erection of
expensive school buildings in several
parts of the state, and where this would
exceed the tax limit, he presents ways to
evade the law. This is so in nullification
pure and simple. It is not his province
to dictate, what a school building shall
cost, but whether it is constructed prop-
erly and is suitable for the needs of the
pupils in a particular case. We do not
believe that he came to the question in
hand that the State Supt. of Schools
would refuse to approve such a building,
but if he would not, and is really a
nullifier of the law fixing the limit of the
tax rate and proposes to dictate, it is
high time that he and perhaps the law
are overhauled. Mr. Payson Smith was
one of the best and most popular edu-
cators Maine ever had. He was neither
a dictator nor a nullifier. If we have a
state superintendent now who has no
regard for the law and the rights of the
people he should be shown up in his true
colors.—Comment.

Economy in the management of af-
fairs; lower taxation; the open shop
with free labor will largely figure in the
party platforms in 1924.—News Item.

The administration says that there is
no excuse for boosting the price of sugar
and that the tariff was not the cause of
the price going up. This may be so but
will the people believe it?—Comment.

CONTROL THE WHITE PINE BLISTER NOW

White Pine Blister Rust control work
will be carried on in the following towns
which have cooperated to fight this dis-
ease—Norway, Paris, Watford, Lovell
and Woodstock. Plans are underway by
which a definite area of each town will be
worked this season, in other words as
much territory will be covered as funds
will permit.

Pine owners within this area will be
visited and will receive the aid of a State
scout and town foreman to assist in get-
ting rid of currants and gooseberry
bushes, which spread the disease from
pine to pine. Hearty cooperation will be
appreciated in order that the control
work against the disease may be a suc-

Why Hudson Owners Buy Hudsons Again and Again

Most Hudson owners remain Hudson owners. They find nothing to tempt them elsewhere. Some have owned five, ten, sixteen successive Hudsons.

They have found each succeeding Hudson a better, smoother, finer car.

Those who drive today's Super-Six call it the greatest Hudson ever built. Its price makes it conspicuous not only among cars of comparable fineness, but even among those that you never classify with Hudson in quality.

RESOLUTIONS OF RESPECT

Whereas the giver of life and death has seen fit to sever our links of fraternity and taken to Himself our dearly beloved sister, Eva Hutchins, therefore be it
Resolved, that we humbly bow to the will of our Heavenly Father who doeth all things well, and that Fryburg Grange No. 297 extend their heartfelt sympathy to the family of our dear sister.
Break, break, eternal morning.
Thou day of rest draw nigh
Soon may thy radiant dawning
Beam o'er the darkened sky.
Ah, let earth's time of grieving
And bitter laments be o'er
Soon may our storm driven vessel
Reach the eternal shore.
Resolved, that our charter be draped in mourning for thirty days, that these resolutions be spread upon our records, a copy sent to the Norway Advertiser for publication, and a copy sent to the husband and daughter.

Once A Buick Owner Only Buick Satisfies

In every community there are a number of instances where once a Buick has been purchased by one member of a family, others of the same intimate group have become Buick owners.

Buick dependable performance, luxurious comfort and the fact that there is a type of Buick to fit every motoring need, leads to the selection of Buick as the family car.

Significant also is the fact that today a majority of new Buicks are purchased by motorists who have been Buick owners before, and for several years.

Visits Hospital
We copy the following article from a Houlton newspaper:
"W. C. Ackland, solicitor for The Star-Bulletin, gives this very interesting account of a visit to Johnnie Quinn and Adolph Kaeck, two Star-Bulletin newsboys who are in the Shriners' ward at the Children's Hospital, as follows:
"While soliciting in the neighborhood of the Children's Hospital, I visited the Shriners' ward. While there I met Johnnie Quinn and had a very interesting conversation with him. I believe that it will be very interesting to the newsboys and carriers of Houlton to know how little Johnnie Quinn and Adolph Kaeck are getting along.
"Adolph is running around without his crutches and is getting in good condition to carry and sell papers again to his old customers. Johnnie is the little boy of the ward and he sure keeps the sick of them from getting lonesome. He is able to take a few steps without his crutch and it won't be long before we will see him going about without his crutches. He has a wonderful outlook on the ups and downs of life. Johnnie said to me: 'When I look around the ward and see some of the fellows who are lots worse than I am, I feel that the old world is not so bad after all.'
"There is not much left to say about the man who has brought happiness to many a heart in the islands. There is this much to say about Dr. Hatt. He has won some true friends among the people of Hawaii."
Dr. Hatt will be remembered as a West Paris boy.

GREENWOOD, MAINE

One by one, long years ago,
Folks came to Greenwood, Maine,
One by one they made their homes aglow,
Perhaps, then, there was something in the name.

One by one they fell the trees so tall,
One by one they laid the rocks upon the wall,
One by one they planted rows of corn,
One by one they made their homes aglow.

One by one the folks have gone away,
One by one the homes, too, have gone to decay,
One by one they went down the road,
One by one they made their homes aglow.

One by one the farms grow up,
One by one the stones from the walls fall down,
One by one our sons have sought renown,
One by one as days go by

I pause and wonder why!
One by one the roses come in June,
One by one the birds sing their sweet tune,
One by one these days go by
Till Heaven to Earth seems nigh.

—Lyman S. Herrieh.

BEAUTIFUL SNOW

The snow, the snow, the beautiful snow,
It grieves my soul to see it go,
Each blustering storm, each driving blow
Is a joy to me, for I love it so.

What does it mean? What thrills! At night to lie
And list to the storm go hurrying by,
And at morn to watch the white flakes fly
In massive clouds from the threatening sky.

Who cares for the ghastly light of the moon?
Who cares for the rays of a sunny noon?
Oh, give us another real blizzard soon,
That lasts, we pray, 'till the first of June.

—Alice Elwell.

The Doctor Was Right

When the good old family doctor was asked about baking powders, he said:

"Use Royal. It is made from Cream of Tartar and is absolutely pure. You could dissolve a couple of teaspoons of Royal in water and drink it with benefit. That's a health test mighty few baking powders can meet."

The doctor was right.

HEBRON MEMORIAL GYMNASIUM

Preliminary blueprints for the Hebron Memorial Gymnasium have been received. This will unquestionably be the best academy gymnasium in Maine, and one of the best in New England. The basement includes a cage one hundred feet long, and forty-five feet wide, and eighteen feet high, where the teams can engage in ball, track, during the winter months. Also a cinder straightway track where dashes, hurdlings and pole vaulting can be practiced. Team rooms are provided and a locker and toilet room for two hundred students. A swimming pool, twenty-five by seventy-five, makes the basement complete.

On the second floor a large memorial entrance, toilet room, and office, and gymnasium floor sixty-five feet wide and one hundred feet long provide ample space for the executive work as well as the gymnasium classes. Three sides of the gymnasium floor will be surrounded by a gallery for the accommodation of spectators, and on this floor will be provided trophy room, moving picture booth, storage room, office space, and a large game room for our pool tables. John Calvin Stevens, of Portland, is the architect.

Why tolerate cracking plaster?

BY UPSONIZING, you can have walls and ceilings of enduring charm.

Nearly every home—probably your own—has one or more rooms that are a source of embarrassment because of their appearance.

Yet you can easily transform such a room—simply by having your carpenter apply Upson Board right over the old plaster.

Upson Board is the nearest-perfect wall and ceiling material for every kind of building, new or old. It has the enviable record of less than one complaint to every 5,000,000 feet sold and used.

Upson Board is *different!* It is neither brittle nor absorbent like some boards—thus it reduces waste in handling and saves \$5 to \$15 per room in painting.

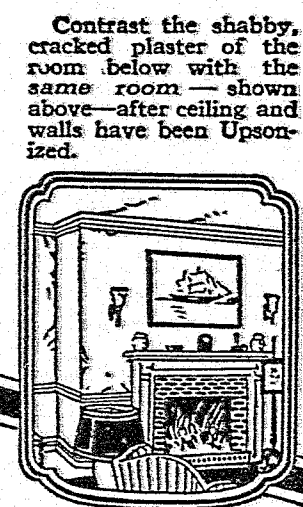

Applied with Upson Fasteners, Upson Board is the only board held securely in place from the back. Disfiguring nail-holes, the big objection to wall board, are eliminated.

Although fittingly used in the finest of homes as well as the modest cottage, Upson Board is *not* expensive.

Call or phone for samples, prices and complete information.

HARRISON

Harrison Odd Fellows Present Novel Show

The success of the play "The Private Secretary" being presented by the Harrison Lodge No. 41 I. O. O. F., has reached a higher point than the players themselves realized was possible. The first performance in Harrison on Wednesday evening, April 11th, was a complete success and the second showing at Bridgton in the Riverside Theater on Friday evening brought down the house. There was not a dull moment during the entire program and from the time that the curtain went up at eight o'clock until it came down at eleven, the audience was convulsed with laughter one minute and intent with eagerness to determine just what would happen the next.

The scenes of "The Private Secretary" are laid in London, England, and the characters are certainly varied. G. Garvin Gilman, the character actor and director appears in the title role—a part that was evidently written for Mr. Gilman. His entrances were greeted with rounds of applause and he did not fail to live up to his reputation as a versatile actor. Harry Smith as Gibson Goldstein, a Jewish tailor with the longing for the society of gentlemen, was a scream. The juvenile lead was well played by Chester Curtis while Ralph Stearns did justice to the role of Harry Marsland, a close friend of Douglas Cattermole, the lead. Clifford Denison in his impersonation of Wm. Cattermole, Douglas' uncle from India—a bit "cracked" in the head—could hardly have been played better by a professional. Bert Davis as Mr. Marsland, Harry's uncle, certainly was well versed in the ways of the "country gentleman of England." No English home is complete without a butler and after seeing Sam Pitts play the role of the butler in the Marsland home, there is little wonder why this is so. Elmer Stuart as the bailiff caused much laughter by serving a writ "on the wrong man." Orpha Davis in the opposite lead, as Edith Marsland, was charming in her various costumes and played the role of "Perfection" while Melba Stuart as "Eve Webster from America," showed much talent in acting and choice in gowns. Vida Green as Mrs. Stead, the landlady, showed originality as well as versatility.

Harriet Freeman appeared in a very difficult role as Miss Ashford, a spiritualist, and during the scene at the close of the second act, held her audience well in hand until the unexpected and laughable climax was brought about. The lighting effects during this scene that prevailed.

The fourth act of the show was the novelty, feature act of the evening—a solid act of musical specialties, interspersed by Mr. Gilman in his character impersonations of footlight favorites old and new, in elaborate costumes. At Harrison Mr. Gilman appeared as E. H. Sothern in his famous scene of "If I Were King," using the voice of Mr. Sothern and a wonderful costume similar to that worn by the great actor. As an encore he impersonated David Warfield in "The Music Master." At this second appearance, he allowed the audience to choose anyone of a number of great actors with whom they were familiar—such as Mansfield, Mantel, Irving, Booth, Jefferson and others for the old, and Al Jolson, Hitchcock, Teller and Sam Hays for the new. The audience requested Henry Miller and Mr. Gilman gave a scene from the good old play "School for Scandal" followed as an encore by Al Jolson in "Sinbad," introducing the Jolson "pep" and the talking song "Rockabye your Rockabye Baby." At Bridgton Mr. Gilman gave Hitchcock in the place of Jolson in "All Dressed Up and No Place to Go" and "Here Comes the Groom" and the toast used by Jefferson; also a scene from "King Henry the Fifth." Mr. Gilman is late for Keith's Circuit and was formerly with Geo. Arliss in "The Green Goddess."

The musical numbers introducing a double quartette to assist the soloists; with chorus dancing on each number gave a great variety to the show. Elmer O. Stuart in his rendition of "Dreaming Girl O'Mine" made a big hit. The lighting effects on the lawn scene with the double quartette in their beautiful costumes and pantomime dancing, added greatly to the novelty.

The companion song "Our Honey-moon Home" from the musical comedy success "Elsie" was beautifully sung by Alice Denison and the dancing in the musical comedy was reproduced by the chorus. The comedy song "You Tell Her 'Cause I Stutter'" by Ralph Stearns and "You're Just the Girl I'm Looking For" by Gladys Whittier and Sam Pitts introducing the Rebekah colors were both very well done. Clinton Stuart, the Misses Ruth Jordan, Mona Greene were included in the double quartette. The musical act required many changes of costumes but there were no waits between the numbers as everything was so arranged that the complete show ran smoothly and without interruption.

The Odd Fellows at Harrison suffered a complete loss of their home by fire in December of 1921 and have replaced it with a larger and better fireproof building; the proceeds of this show are to be used to help install them in their new home. It is the desire of the business manager, Clinton E. Stuart, to play in a number of other towns and cities in the State and we feel very confident that the company will meet with the same success wherever they are billed to appear.

The drama will be presented Saturday evening at South Waterford.

Frank C. Stone

Frank C. Stone passed away early Saturday morning at his home at the corner of Main and High Streets, after a long and painful illness. He was about 75 years of age and had made his home in this village for the past fifteen years, moving from his farm below the village. Mr. Stone passed away about nineteen years ago.

Tin Shower for Bride Elect

Many people did not realize that it showered last Thursday evening, but there were also many who were aware of the fact. At the home of Mrs. F. C. Green, a kitchen shower was given the bride-to-be, Miss Alice W. Stearns, who was the guest of Mrs. Green for the evening. She was completely surprised when a crowd of young people entered and showered the articles at her feet. Each present was accompanied by an original poem which caused much merriment.

The evening passed with music, games and sociability. Dainty refreshments were served by Mrs. Percy Stearns, assisted by Mrs. F. C. Green. Among those present were Ruth Jordan, Melba Stuart, Margaret and Irene Libby, Lida Kneeland, Evelyn Whitney, Lida Harmon, Gladys Witter, Dorothy Whitney and Mona Green.

NORWAY AND VICINITY

Ethel Everett called at the office Monday morning with some yellow violets, which she had picked at South Paris. Hoses Curtis also had good luck and found a nice lot of mayflowers in blossom.

The Parish Committees of the Norway and South Paris Universalist Churches have granted their minister, Rev. C. G. Miller, a leave of absence for the Sunday of May 27th and 28th, in order that he may be present with Mrs. Miller and their son, Wilbur at the graduation of their daughter, Ruth from the Philadelphia School of Design for Women on May 25th. There will therefore be no preaching services on the Sunday mentioned. Mr. Miller and his family will go in their automobile and return by way of Canton, N. Y. visiting their son, Alan, at St. Lawrence University, who cannot be home this summer owing to an engagement with the Redpath Chautauqua. The trip will cover some 1800 miles. In June Mr. Miller will have been twenty-five years in constant service in the ministry since his ordination at Tufts College, Mass. in 1898.

The Universalist Sewing Circle will meet with Mrs. B. G. McIntire Friday afternoon at the usual time.

The W. F. Tubbs Co. led the Carroll Johnson Shoe Co. with a wide margin in a match at Army indoor range Thursday evening. Twenty rounds were played. The Tubbs team included Walter F. Tubbs, Geo. John H. Bristol, the artist has bought a piece of land on the Dennis Pike farm a short distance west of the Dr. Charles Fogg place and will erect a studio 22x37 feet. The building is the "knock-down" type and comes ready to assemble.

Mayflowers are in full bloom and at their best, especially in open fields. Few blossoms have been found in woods where larger patches of snow remain.

Mrs. John C. Shepard and Mr. and Mrs. J. Edward Shepard have arrived in Norway. They occupy one of the Shepard's Camps until their bungalow on the hill is ready for occupancy. Doris Shepard and Clara Shepard will come later. Howarth Brown, son of Mr. and Mrs. W. L. Brown in his enthusiasm to play close-up ball came in contact with a bat and received a head cut over the eye. Several stitches closed the wound. His twin brother also has his troubles—his measles.
